

MODERN TABLES

A b b o t t ' s M o d e r n T a b l e s

CASE'N TABLE

A smart looking and practical suitcase type table. When it is opened it stands 36 inches high. The table top measures approximately 25 inches by 15 inches high, 23 and one quarter inches wide and 12 inches deep. The table top folds down and back and locks in place. The legs fold up and under. A hidden luggage type handle lifts up for carrying. The legs are plated and rest upon easy rolling casters. The entire table is finished in black lacquer with contrasting design.

A strong table! Ideal for the club performer! All the props can be pre-set inside. When the top is put into position, an additional area is automatically formed where you can place or dispose of apparatus. The table is constructed to hold a large amount of apparatus. When the case is closed it measures 17 and one quarter inches high, 24 and three quarters inches long and 12 and three quarters inches wide.

From a design by Arturo.

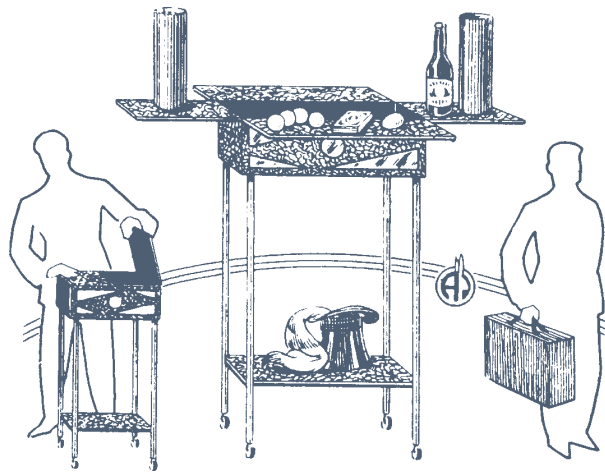

STAGE SCREENS

These attractive wooden screens will add a touch of class to your stage setting. They may even take the place of tables. A two-fold screen, each panel measuring 26 inches by 10 inches, they are light in weight, fold flat and are neat and showy in appearance. Finished in red, black and gold lacquers with a dragon design (or made to your order).

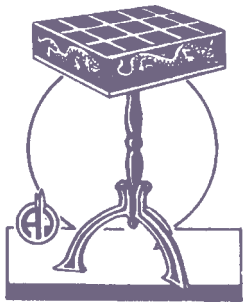

NITE CLUB SUIT-CASE TABLE

You will be proud to perform with Abbott's Nite Club Suitcase Table! Carry your show ready to perform! Can be set up in a few minutes! Takes the place of several tables! The top doors close with a catch which prevents the curious from interfering with your props while you are waiting to appear. Easy rolling casters on the legs enable you to make an impressive entrance when first introduced. Each time you work a trick you have "unpacked" it for the first time and when you are finished, just place it back into the table and you are "packed", ready to go. Unsurpassed for working casual dates where there are no backstage facilities. Regardless of who you are or under what conditions you are working, this distinctive table will add class to your act and give you a more professional appearance.

The legs are chrome plated metal. The table is lacquer finished with chrome metal decoration. Approximate size when opened: 28"x 40"x8". Canvas or denim carrying case is included. Additional shelves open to the front and back for more working area. Also fitted with a lower shelf for storage and display.

SUPERIOR

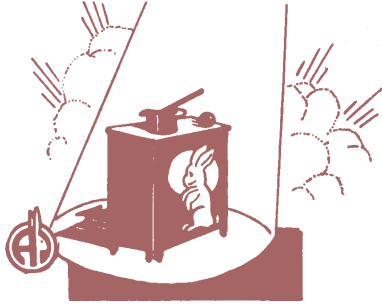

The best buy in magic today! Turned wooden center leg—three wooden legs form an extra big spread for support—14"x 16" velvet covered top complete with two black art wells featuring the strip mask feature and dragon design velvet drape. Table packs small and is lightweight. Wood parts finished in black and gold lacquers.

JACK TABLE

Here is a magic table that is original in design, unusual in construction and practical for all types of magic. As illustrated, the Jack Table represents a court playing card, lacquered in four bright colors. It is hinged to fold down to 16 inches in length. The wooden top measures 12"x 16". Light in weight but sturdy and steady.

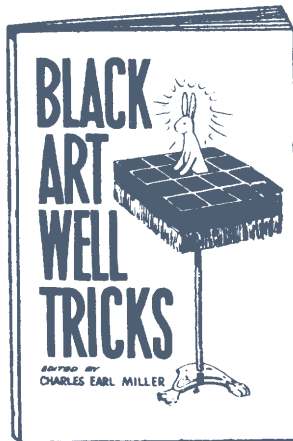

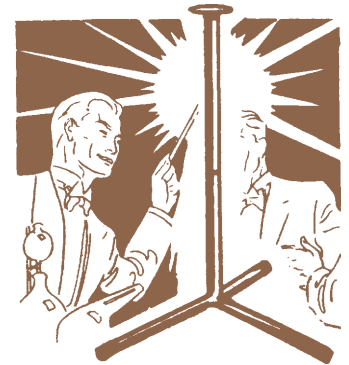

DELUXE FOLD UP TABLE

Give your act the professional look with this all purpose table. Suitable for every type of magic act - night club, platform, auditorium, etc. Full stage size, top measures 12"x 24". Standard height of 33", fitted with a shelf for storage of apparatus. In fact a large suitcase will fit into the assembled table! Made of finest quality wooden veneer. Quality plus! Strictly professional! Fitted with rollaway casters. Takes less than a minute to open up or fold down. A table you will be proud to own. Lacquer finish in three colors with large white rabbit design.

SUPERSONIC TABLE BASE

This table has everything professional and amateur magicians strive for. Takes but a jiffy to set up or take down. Beautiful, smart, strong and lightweight. Height may be adjusted from 24 inches to 36 inches. Only one thumb-screw to fasten. Breaks down for packing, still in one piece (except for the top) to 27 inches long and weighs 3 1/2 pounds. Chrome plated. Comes with a flange so you may attach any table top to it. Base spread is 22 inches - solid and secure.

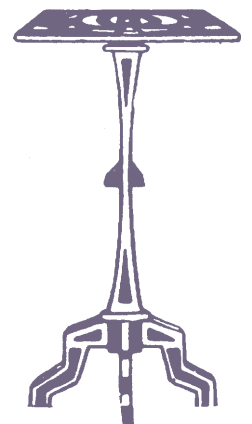

BLACK ART WELL TRICKS

Charlie Miller, famous writer, performer and lecturer, has worked up this useful little booklet for those who own tables with black art wells and for those who would like to build one for their use. Many performers own these tables but don't seem to know just how to use them properly and effectively. Due to Charlie's efforts you will learn the history of this type of table, explanations on how to make your own, where to buy one ready-made and a good number of tricks to use with the table. These tricks include vanishes, productions and exchanges.

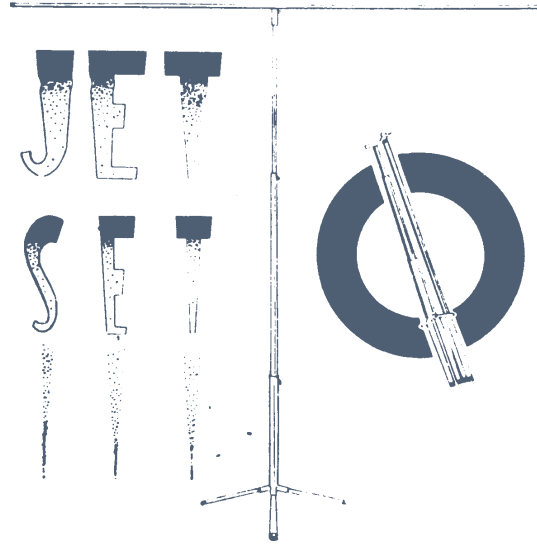

ARTISTIC SIDE TABLE

This table has a substantial four legged base and a turned center stem with a wooden top. The entire outfit comes apart for packing, with the legs folding flat. Very attractive and modern looking in appearance and made entirely of wood. Light in weight and finished in silver lacquer with black lacquer design or any other color combinations at no additional cost.

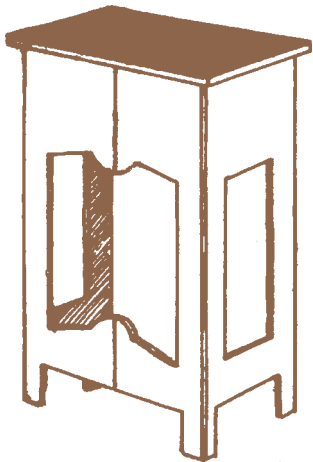

JET SET

Everyone at the Abbott Magic Company flipped when they first saw this backdrop frame - and so will you! "JET SET" is the only practical backdrop frame ever manufactured for the magical performer! The illustration tells the story. Folds down to three feet long by five inches in diameter (at the flange) and can be set up in less than thirty seconds to make a backdrop frame measuring six feet high and six feet wide. Completely self-contained - no loose parts. "JET SET" - Zip, it's up! Zip, it's down! Two "JET SET" units will interlock to make a backdrop measuring six feet high and twelve feet wide. This is a high class outfit that is made to our exact specifications to do just one thing - make a backdrop frame!

Weighs less than seven pounds! Highly chrome plated! One unit! Self-contained with no loose parts! Comes complete with a seven page printed and extensively illustrated folio of instructions - with directions for making your own curtain (no curtain supplied), ideas by Harry Roydon, the Abbott staff, Ron Bauer and Sandra Kort! Exclusively from Abbotts!

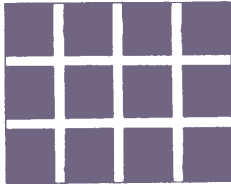

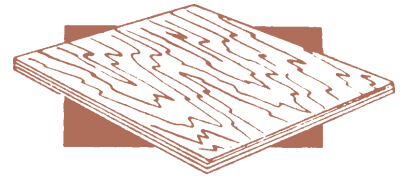

THE TABLE BOOK

Printed on big (8 1/2" x 11") pages, Gene Gloye's masterful drawings show you exactly how to make (or to have made locally) these exquisite stage props. Complete with 29 detailed schematic plans! Further details are given in the clear and concise text. All dimensions are given. Color schemes and materials are suggested. Sources for material are given. Nothing is left out that would help you build the act or show of your dreams. Everything you need to know for building your own tables, stands and stage props is included in the spiral bound, 48 pages of this reference work.

THE TABLE BOOK VOLUME 2

Here, at last, is the second volume of one of magic's most popular books - Table Magic! In addition to a brief history on the subject, there is a wealth of practical advice on the construction, decoration and use of a magic table.

There are dozens of illustrated building plans and blueprints with suggestions and variations on the basic principles. The tables in this second volume are especially designed for the modern performer. None of the patterns use or require a drape. Every performer needs a table . . . maybe yours is in this book!
